Current LMH Health Inpatients Positive for COVID-19: **0**

- **We are publishing information today on positive cases by race/ethnicity among groups with more than five cases. Five in a group is our threshold due to patient privacy restrictions and to keep from potentially releasing information that might identify a positive case.
- Lawrence-Douglas County Public Health has also released preliminary data on the COVID-19 testing rates by race and ethnicity. [See our current testing rates](#)
- With recently relaxed testing protocols, anyone currently experiencing symptoms related to COVID-19 is encouraged to contact his or her primary care physician. Anyone without a primary-care provider can call the Lawrence-Douglas County Public Health Coronavirus hotline, 785-856-4343, where nurses are available to provide initial screening and if needed, directions on how to get tested.
