- As part of [Education Unified Command response](#), Lawrence-Douglas County Public Health has developed the following [COVID-19 Smart and Safe School Reopening Guidance](#) to assist K-12 school districts and families in decision-making for the upcoming school year.
- Douglas County COVID-19 data including the 14-day rolling average of the test positivity rate and rolling average of new cases per day are available at <https://ldchealth.org/456/Case-Numbers-Data>. We have moved to a 14-day rolling average of new cases per day in the graph above to match the metric used in the school reopening guidance.
