More Information at [LDCHealth.org](#) and [douglascountyks.org/coronavirus](#)

- The moving average graph does not include the most recent three days to allow lab results for those dates to be completed and ensure a more accurate calculation of the moving average for these data points.
- Dr. Jennifer Schrimsher, infectious disease specialist at LMH Health, [in this video](#) discusses encouraging trends in Douglas County data recently and says residents can help keep it up by masking up, spreading out, wash your hands, self isolate and call your doctor if you feel sick and be safe.
