- Douglas County Health Officer Dr. Thomas Marcellino said as more communities around the state and region are exhibiting concerning trends, it's a reminder for Douglas County residents to continue being vigilant about mask wearing and social distancing. The county's positivity rate has increased to 7.0%, but we saw about 500 fewer total tests conducted in the past week compared with the week prior. We encourage anyone who believes they are experiencing COVID-19 symptoms — even if you don't know you were potentially exposed — to get tested. Call the [LDCPH Coronavirus hotline](#), 785-856-4343 to be screened for a test.
