[KU COVID-19 Dashboard Data](#)

Current LMH Health Inpatients Positive for COVID-19: **11**

More Information at LDCHealth.org and douglascountyks.org/coronavirus

The higher number of cases in the state and now in our community are a reminder for people to redouble their efforts about mask wearing, spreading out and keeping your circle of contacts small. In our [Smart and Safe Community Scorecard update](#) for the week, our hospital capacity metrics remain on target. Even with higher number of inpatients now at LMH Health, the percentage of beds in use and ventilators remain at levels we can handle.

It's vital that we keep these levels manageable — please continue to do all you can to reduce the spread of COVID-19.
