HILLCREST ELEMENTARY SCHOOL

The illustration shows a school building on the right with a clock tower, a crosswalk with a crossing guard, and a person walking a child. In the middle, a person is pushing a stroller, a person is using a wheelchair, and a person is riding a bicycle. On the left, a yellow school bus is driving. The background includes houses, trees, and a church with a steeple under a blue sky with clouds.

as of Fall 2019,

14.0

percent of Hillcrest elementary school students walk or bike to school.

Our goal is **20** percent by 2023

WHAT'S NEXT?

Safe Routes to School is a comprehensive program that encompasses education, encouragement, enforcement, built environment and evaluation strategies to improve active trips to school.

Safe Routes partners in Lawrence are working to write an updated Safe Routes to School Plan and update the designated routes to each school.

Parents and teachers can help their students stay active by encouraging them to walk or bike to school, especially on designated days! For the 2019-2020 school year, the dates are:

- Walk to School Day: **October 2, 2019**
- Bike to School Day: **May 6, 2020**

Working to help us all be **Healthier Together!**

Per semester active student travel for Hillcrest Elementary School
